*The **Wow Flute!**™ is a chromatic instrument. All notes can “Bend” by uncovering holes slightly or blowing softer or harder. Each flute may or may not match this chart exactly. Transpose accordingly.

There are six holes on the flute. Four finger holes on top and two thumb holes on the bottom. Five of the holes are exactly the same size and are therefore interchangeable.

The large hole on the bottom of the flute is equivalent to two or three of the other holes in the Lower range and is a standard note change in the higher range.
